#### RESOLUTION

New Delhi, the 2nd February 1967

No. 34/16/65-LW.III.—The President series of All India Consumer Price Index Numbers for industrial workers on base 1949=100, compiled by the Labour Bureau, Simla, is based on constituent series for 27 individual Centres. Out of these, the indices of 15 Centres are compiled by the Labour Bureau and the rest by the State authorities. There have been demands from several quarters for correcting the All India Consumer Price Index Numbers on base 1949=100 and also the C.P.I. Numbers for 27 individual Centres for certain alleged limitations before the New Series of All India C.P.I. Numbers on base 1960=100 is introduced so that a reliable linking factor for deriving the All India Index on old base from the New All India Index on base 1960=100 could be obtained. Corrections in respect of the series for 21 Centres have already been or are being carried out in the light of the recommendations of Expert Committees set up for the purpose. The series for Madras and Trichur Centres are being examined by the Governments of Madras and Kerala. For the remaining four Centres, the Government of India have decided, in consultation with the State Governments

concerned, to set up a single Expert Committee to examine the C.P.I. Numbers for Calcutta (base 1944=100), Kanpur (base 1939=100) and Mysore and Bangalore (base 1935-36=100).

2. The Committee will consist of the following :

*Chairman*

1. Dr. B. Ramamurthi,  
formerly Director, Labour Bureau.

*Member*

2. Labour Commissioner, Uttar Pradesh.

*Member-Secretary*

3. Shri K. M. Bashir,  
Deputy Director, Labour Bureau.

3. The terms of reference of the Committee will be as follows :—

- (i) For Calcutta, Kanpur and Bangalore (for which the C.P.I. Numbers are being compiled by the Labour Bureau as well as the State Governments) the Committee will examine and suggest whether any change is necessary in the linking factors worked out by the Labour Bureau for deriving the old series from the new series on base 1960=100 because of any deficiencies relating to pricing of various index items included in the old State series;
- (ii) For Mysore Centre (for which the C.P.I. Numbers are being compiled by the Government of Mysore), the Committee will examine and suggest whether any adjustment is necessary for removing any deficiencies relating to the pricing of the various index items included in the existing series before the index for the Centre is used for compilation of the present All India Working Class Consumer Price Index Numbers on base 1949=100;
- (iii) If so, what should be the extent of adjustments in the linking factors for the year 1960 in the case of Kanpur, Calcutta and Bangalore? For the Mysore

Centre, the adjustment in the index numbers which may be suggested by the Committee may be preferably related to the year 1960.

4. The Committee will submit its report to the Government within six months.

5. The Committee will devise its own procedure and it may call for such information and take such evidence as it may consider necessary.

**ORDER**

ORDERED that the Resolution be published in the Gazette of India, Part I, Section 1.

ORDERED also that a copy of the Resolution be communicated to all Ministries/Departments of the Government of India, State Governments/Administrations of Union Territories and all other concerned.
